Our Company

Overview

We are an international cannabis company operating in Israel and Germany. Our activities in these jurisdictions include sourcing, importation, distribution and sale of medical cannabis products in compliance with applicable regulatory requirements. Following the regulatory reforms affecting cannabis access in Germany on April 1, 2024, the cannabis market has experienced growth, especially within the medical sector, as access for new patients has become easier. Since such time, we have shifted our focus and resources to concentrate on the cannabis market in Germany. We leverage a cross-border supply chain and distribution infrastructure to support our profitability goal.

Activities in Israel

In Israel, we operate through I.M.C. Holdings Inc. and its consolidated subsidiary Focus Medical Herbs Ltd., which holds an IMCA license permitting the importation and supply of medical cannabis products. Our operations in Israel primarily consist of importing, distributing and selling medical cannabis products to local medical cannabis retail pharmacies, online platform, distribution centers and logistical hubs in accordance with Israeli regulations. We also maintain certain proprietary genetics through third-party cultivation facilities in Israel. We do not currently operate large-scale cultivation facilities in Israel and rely primarily on imported products that meet applicable quality and regulatory standards.

Our Israeli operations include brand management, regulatory compliance, logistics coordination and relationships with pharmacies and prescribing physicians. Revenue in Israel is generated from the sale of medical cannabis products to pharmacies and other authorized distributors.

Throughout 2024 and 2025, we implemented several strategic measures in Israel to enhance operational efficiency, reduce costs, and improve overall business performance. These initiatives included optimizing logistics and distribution, streamlining workforce and facilities, and adapting to challenges arising from geopolitical events.

Key actions taken during 2024 and 2025 include:

- engagement of a new third-party processing facility;
- changes to shipping and distribution service providers;
- reductions in headcount and closure of certain trading activities; and
- adjustments to operations in response to logistical disruptions associated with regional hostilities.

We operate in the retail segment. We, through IMC Holdings, hold two licensed pharmacies, each selling medical cannabis products to patients: (i) Vironna Pharm, a pharmacy in the Arab consumer segment, and (ii) R.A Yarok Pharm Ltd., or Pharm Yarok, a large pharmacy in the Sharon plain area and a call center handling deliveries for Pharm Yarok in the country.

We also operate home-delivery services and an online retail platform under the name “Pharm Yarok”, which includes a customer service center. On April 9, 2024, Pharm Yarok entered into a strategic distribution agreement with Vessel Brand Inc., a subsidiary of Flora Growth Corp., a global consumer-packaged goods leader and pharmaceutical distributor, headquartered in Carlsbad, CA, pursuant to which certain cannabis accessory products are offered in Israel. We believe that our retail operations support our distribution activities and provide insights into patient purchasing patterns.

Activities in Germany

In Germany, we operate through our German subsidiary, Adjupharm GmbH, which is authorized to import and distribute medical cannabis products under applicable German and European Union regulations. Our German operations focus on sourcing EU-GMP compliant medical cannabis products from approved suppliers and distributing such products to licensed pharmacies throughout Germany.

The German market is regulated by the Federal Institute for Drugs and Medical Devices in Germany, and we import volumes that are subject to regulatory requirements, including compliance with applicable pharmaceutical standards. Revenue in Germany is generated from the sale of imported medical cannabis products to pharmacies and other authorized customers.

Our operations in both jurisdictions are subject to evolving regulatory frameworks, including changes in prescribing practices, import authorizations, product specifications and distribution models, which may affect our revenues, margins and operating results.

The offering closed on June 3, 2026, or the June 2026 Closing Date.

The June 2026 Promissory Note bears interest at a rate of 8.0% per annum, accruing from the June 2026 Closing Date, which rate may increase to 14.0% upon the occurrence of an event of default (as defined in the June 2026 Promissory Note). The June 2026 Promissory Note is not repayable in cash, and all amounts payable thereunder will be satisfied solely through the issuance of Common Shares upon conversion of the June 2026 Promissory Note in accordance with its terms.

The outstanding principal amount of, and accrued on, the June 2026 Promissory Note is convertible, in whole or in part, at the option of the Selling Shareholder at any time after issuance, into Common Shares at a conversion price equal to the lower of (i) the Fixed Price, as defined in the June 2026 Promissory Note, or (ii) the Variable Price, provided, however, that the Variable Price will not be lower than the Floor Price, as defined in the June 2026 Promissory Note. The Fixed Price in the June 2026 Promissory Note is US\$0.288 and the Floor Price in the June 2026 Promissory Note is US\$0.0576. No fractional Common Shares will be issued upon conversion of the Promissory Note. Any fractional share otherwise issuable will be rounded down to the nearest whole Common Share.

Conversion of the June 2026 Promissory Note is subject to a beneficial ownership limitation, which prohibits the Selling Shareholder from effecting any conversion to the extent that, after giving effect thereto, the Selling Shareholder would beneficially own more than 4.99% of the outstanding Common Shares. The June 2026 Warrant is subject to a beneficial ownership limitation of 4.99% of the number of Common Shares outstanding immediately after giving effect to the issuance of the Common Shares underlying the June 2026 Warrant upon the exercise of the June 2026 Warrant. The holder of the June 2026 Warrant, upon notice to the Company, may increase or decrease such beneficial ownership limitation, provided however, that such beneficial ownership limitation in no event exceeds 9.99% of the number of Common Shares outstanding immediately after giving effect to the issuance of the Common Shares underlying the June 2026 Warrant upon the exercise of the June 2026 Warrant.

The June 2026 Warrant entitles its holder to purchase an aggregate of up to 781,250 Common Shares at an exercise price of C\$0.40 per Common Share. The June 2026 Warrant became exercisable immediately from the date of its issuance, June 3, 2026, and may be exercised at any time until June 3, 2031. If the June 2026 Warrant is not exercised prior to its termination date on June 3, 2031, it will expire and be of no further force or effect. The June 2026 Warrant and the Common Shares underlying the June 2026 Warrant may not be traded for a period of four months from their issuance date, except as permitted under applicable securities legislation.

RISK FACTORS

Investing in our securities involves risks. Please carefully consider the risk factors described below and those contained in our periodic reports filed with the Securities and Exchange Commission, or SEC, including those set forth under the caption “Summary Risk Factors” and “Item 3. Key Information - D. Risk Factors” in our 2025 Annual Report, which is incorporated by reference into this prospectus. Before making an investment decision, you should carefully consider these risks as well as other information we include or incorporate by reference in this prospectus. You should be able to bear a complete loss of your investment.

Risks Related to the Offering and Ownership of our Securities

Shareholders may experience significant dilution as a result of this offering and potential future offerings.

Purchasers of Common Shares in this offering, as well as our existing shareholders, may experience significant dilution due to the sale and issuance of shares at prices below the price at which they invested. The Selling Shareholder identified herein is selling from time to time up to 15,095,000 Notes Shares, which represent the maximum number of Common Shares issuable upon conversion in full of the Promissory Notes, together with all accrued interest thereon, and up to 2,181,931 Warrants Shares, which constitutes approximately 192% of our issued and outstanding Common Shares prior to the offering pursuant to this prospectus. The respective exercise price of the Warrants is currently above the current trading price of our Common Shares. If the Warrants are exercised in full and if the Promissory Notes are converted in full, our outstanding Common Shares would increase from 9,016,539 to 26,293,470, representing an increase of approximately 192% in the number of outstanding Common Shares. Accordingly, shareholders will experience significant dilution of their ownership interests. The resale of these additional Notes Shares and Warrants Shares could also further cause the trading price of our Common Shares to decline.

Additionally, since July 2025 we have issued securities to the Selling Shareholder in multiple private placement transactions an aggregate of 350,000 Common Shares, 200,000 pre-funded warrants to purchase 200,000 Common Shares, 140,000 Finder’s Warrants to purchase 140,000 Common Shares, 2,272,502 warrants exercisable into up to 2,272,502 Common Shares and convertible promissory notes convertible for up to 20,187,145 Common Shares. If the aforementioned pre-funded warrants and warrants held by the Selling Shareholder are exercised in full and all the issued and outstanding promissory notes held by the Selling Shareholder are converted in full, our outstanding Common Shares would increase from 9,016,539 to 36,632,436, representing an increase of approximately 306% in the number of outstanding Common Shares. Accordingly, shareholders will experience significant dilution of their ownership interests. The conversion, exercise or resale of these securities, or the perception that such conversion, exercise or resales could occur, could also further cause the market price of Common Shares to decline.

In addition, we may issue additional Common Shares or other equity securities in the future in connection with, among other things, future acquisitions of additional companies or assets, or under our equity incentive plans, in certain cases without shareholder approval. Any such issuance of additional Common Shares or other common share equivalents would have the following effects:

- our existing shareholders’ proportionate ownership interest in us will decrease;
- the relative voting strength of each previously outstanding Common Share may be diminished; and
- the market price of our Common Shares may decline.

Future issuances or sales, or the potential for future issuances or sales, of our Common Shares may cause the trading price of our Common Shares to decline and could impair our ability to raise capital through subsequent equity offerings.

We have issued a significant number of Common Shares and we may do so in the future. Shares to be issued in future equity offerings could cause the market price of our Common Shares to decline and could have an adverse effect on our earnings per share if and when we become profitable. In addition, future sales of our Common Shares or other securities in the public markets, or the perception that these sales may occur, could cause the market price of our Common Shares to decline, and could materially impair our ability to raise capital through the sale of additional securities.

The market price of our Common Shares could decline due to sales, or the announcements of proposed sales, of a large number of Common Shares in the market, including sales of up to 2,181,931 Warrants Shares, up to 15,095,000 Notes Shares, which represent the maximum number of Common Shares issuable upon conversion in full of the Promissory Notes, together with all accrued interest thereon, and up to 19,466,931 Common Shares issuable upon exercise of other outstanding warrants, or other sales of Common Shares by our large shareholders, or the perception that these sales could occur. These sales or the perception that these sales could occur could also depress the market price of our Common Shares and impair our ability to raise capital through the sale of additional equity securities or make it more difficult or impossible for us to sell equity securities in the future at a time and price that we deem appropriate. We cannot predict the effect that future sales of Common Shares or other equity-related securities would have on the market price of our Common Shares.

In addition, the Company may issue additional securities in the future, which may dilute a shareholder's holdings, or a holder of a convertible security's underlying relative interest, in the Company. The Company's articles permit the issuance of an unlimited number of Common Shares, and shareholders will have no pre-emptive rights in connection with any such further issuance. The directors of the Company have discretion to determine the price and the terms of further issuances, subject to applicable stock exchange policies. Moreover, additional Common Shares will be issued by the Company on the full exercise of stock options, restricted share units and warrants, issued or to be issued by the Company in the future, and the exercise of any resulting convertible securities of such as applicable.

An active trading market for our Common Shares may not be sustained.

Although our Common Shares are listed on The Nasdaq Capital Market, the market for our Common Shares has demonstrated varying levels of trading activity. Furthermore, the current level of trading may not be sustained in the future. The lack of an active market for our Common Shares may impair investors' ability to sell their shares at the time they wish to sell them or at a price that they consider reasonable, may reduce the fair market value of their shares and may impair our ability to raise capital to continue to fund operations by selling shares and may impair our ability to utilize our shares as consideration in any licensing or other collaboration transactions with third parties.

Our share price may be subject to substantial volatility, and shareholders may lose all or a substantial part of their investment.

Our Common Shares currently trade on The Nasdaq Capital Market. There is limited public float, and trading volume historically has been low and sporadic. As a result, the market price for our Common Shares may not necessarily be a reliable indicator of our fair market value. The price at which our Common Shares trades may fluctuate as a result of a number of factors, including the number of shares available for sale in the market, quarterly variations in our operating results, actual or anticipated announcements of new releases by us or competitors, the gain or loss of sources of revenues, changes in the estimates of our operating performance, market conditions in our industry and the economy as a whole.

Because we do not anticipate paying any cash dividends on our Common Shares in the foreseeable future, capital appreciation, if any, will be your sole source of gain.

We have never paid or declared any cash dividends on our Common Shares. We currently intend to retain earnings, if any, to finance the growth and development of our business and we do not anticipate paying any cash dividends in the foreseeable future. As a result, only appreciation of the price of our Common Shares will provide a return to our shareholders.

Resales of our Common Shares in the public market during this offering by our shareholders may cause the market price of our Common Shares to fall.

Sales of a substantial number of our Common Shares could occur at any time. The issuance of new Common Shares could result in resales of our Common Shares by our current shareholders concerned about the potential ownership dilution of their holdings. In turn, these resales could have the effect of depressing the market price for our Common Shares.

We are subject to the rules of the Nasdaq Capital Market.

Our Common Shares began trading on Nasdaq on March 1, 2021 and we are subject to the rules and regulations of Nasdaq.

In order to maintain compliance with all continued listing requirements, we pay legal, accounting and compliance fees to advisors and regulatory organizations and will have to continue to pay additional fees if our Common Shares remain listed on Nasdaq. Any changes to rules, regulations policies or guidelines issued by Nasdaq or other regulatory authorities may impact our ability to comply, increase the risk of non-compliance and increase fees we pay to maintain or regain such compliance. There is no assurance that we will be able to comply with the applicable Nasdaq continued listing standards within any projected timeframes, or at all, and maintain listing status on Nasdaq.

On April 9, 2026, we received a deficiency letter from the Listing Qualifications Department of The Nasdaq, notifying us that we were not in compliance with the minimum bid price requirement for continued listing set forth in Nasdaq Listing Rule 5550(a)(2), which requires listed securities to maintain a minimum bid price of US\$1.00 per share. Under Nasdaq Listing Rule 5810(c)(3)(A), we have been granted a period of 180 calendar days until October 6, 2026 to regain compliance with the minimum bid price requirement. We can regain compliance if at any time during this 180-day period the closing bid price of our Common Shares is at least US\$1.00 for a minimum of ten consecutive business days, in which case we will be provided with written confirmation of compliance and the matter will be closed.

In the event that we do not regain compliance after the initial 180-day period, we may then be eligible for an additional 180-day compliance period if we meet the continued listing requirement for market value of publicly held shares and all other initial listing standards for the Nasdaq Capital Market, with the exception of the minimum bid price requirement. In this case, we will need to provide written notice of its intention to cure the deficiency during the second compliance period. If the Company cannot demonstrate compliance by the allotted compliance period(s), Nasdaq's staff will notify us that our common shares are subject to delisting.

Any failure to maintain compliance with applicable continued listing requirements and regulations may result in the delisting of our Common Shares from Nasdaq. Such events may have material adverse effects on our business and financial condition.

We undertake no obligation to update publicly any forward-looking statements, whether as a result of new information, future events or otherwise.

We have identified some of the important factors that could cause future events to differ from our current expectations and they are described in this prospectus and supplements to this prospectus (if any) under the caption “Risk Factors,” “Use of Proceeds,” and elsewhere in this prospectus as well as in our 2025 Annual Report, including without limitation under the captions “Risk Factors” and “Item 5. - Operating and Financial Review and Prospects,” and in other documents that we may file with the SEC, all of which you should review carefully. USE OF PROCEEDS

We will not receive any proceeds from the sale of the Common Shares by the Selling Shareholder. All net proceeds from the sale of the Common Shares covered by this prospectus will go to the Selling Shareholder. However, we will receive cash proceeds equal to the total exercise price of the Warrants. We intend to use the proceeds from the exercise of the Warrants, if any, for general corporate purposes.

SELLING SHAREHOLDER

On April 6, 2026, we entered into the April 2026 Purchase Agreement with the Selling Shareholder, pursuant to which we issued and sold to the Selling Shareholder: (i) the April 2026 Promissory Note, in the April 2026 Principal Amount of US\$250,000, for an aggregate purchase price of US\$225,000, representing 90% of the April 2026 Principal Amount, and (ii) the April 2026 Warrant to purchase up to 272,861 Common Shares.

On May 7, 2026, we entered into the May 2026 Purchase Agreement with the Selling Shareholder, pursuant to which we issued and sold to the Selling Shareholder: (i) the May 2026 Promissory Note, in the May 2026 Principal Amount of US\$300,000, for an aggregate purchase price of US\$270,000, representing 90% of the May 2026 Principal Amount, and (ii) the May 2026 Warrant to purchase up to 1,270,820 Common Shares.

On June 3, 2026, we entered into the June 2026 Purchase Agreement with the Selling Shareholder, pursuant to which we issued and sold to the Selling Shareholder: (i) the June 2026 Promissory Note, in the June 2026 Principal Amount of US\$225,000, for an aggregate purchase price of US\$202,500, representing 90% of the June 2026 Principal Amount, and (ii) the June 2026 Warrant to purchase up to 781,250 Common Shares.

Each of the Promissory Notes bears interest at a rate of 8.0% per annum, accruing from the April 2026 Closing Date, the May 2026 Closing Date and the June 2026 Closing Date, as applicable, which rate may increase to 14.0% upon the occurrence of an event of default (as defined in each of the Promissory Notes). The Promissory Notes are not repayable in cash, and all amounts payable thereunder will be satisfied solely through the issuance of Common Shares upon conversion of each of the Promissory Notes in accordance with their terms.

The outstanding principal amount of, and accrued on, the Promissory Notes are convertible, in whole or in part, at the option of the Selling Shareholder at any time after its issuance, into Common Shares at a conversion price equal to the lower of (i) the Fixed Price, as defined in each of the Promissory Notes, or (ii) the Variable Price, provided, however, that the Variable Price will not be lower than the Floor Price, as defined in each of the Promissory Notes. The Fixed Price in the April 2026 Promissory Note, in the May 2026 Promissory Note and in the June 2026 Promissory Note is US\$0.339, US\$0.226 and US\$0.288, respectively. The Floor Price in the April 2026 Promissory Note, in the May 2026 Promissory Note and in the June 2026 Promissory Note is US\$0.07, US\$0.05 and US\$0.0576, respectively. No fractional Common Shares will be issued upon conversion of the Promissory Notes. Any fractional share otherwise issuable will be rounded down to the nearest whole Common Share.

Conversion of the Promissory Notes is subject to a beneficial ownership limitation, which prohibits the Selling Shareholder from effecting any conversion to the extent that, after giving effect thereto, the Selling Shareholder would beneficially own more than 4.99% of the outstanding Common Shares. The Warrants are subject to a beneficial ownership limitation of 4.99% of the number of Common Shares outstanding immediately after giving effect to the issuance of the Warrants Shares upon the exercise of the Warrants. The holder of the Warrants, upon notice to the Company, may increase or decrease such beneficial ownership limitation, provided however, that such beneficial ownership limitation in no event exceeds 9.99% of the number of Common Shares outstanding immediately after giving effect to the issuance of the Warrants Shares upon the exercise of the Warrants.

The April 2026 Warrant entitles their holder to purchase up to 272,861 Common Shares at an exercise price of C\$0.47 per Common Share. The April 2026 Warrant became exercisable immediately upon its issuance, on April 6, 2026, and may be exercised at any time until its termination date, April 6, 2031. If the April 2026 Warrant is not exercised prior to its termination date, April 6, 2031, it will expire and be of no further force or effect.

The May 2026 Warrant entitles their holder to purchase up to 1,272,820 Common Shares at an exercise price of C\$0.36 per Common Share. The May 2026 Warrant became exercisable immediately upon its issuance, on May 7, 2026, and may be exercised at any time until its termination date, May 7, 2031. If the May 2026 Warrant is not exercised prior to its termination date, May 7, 2031, it will expire and be of no further force or effect.

The June 2026 Warrant entitles their holder to purchase up to 781,250 Common Shares at an exercise price of C\$0.40 per Common Share. The June 2026 Warrant became exercisable immediately upon its issuance, on June 3, 2026, and may be exercised at any time until its termination date, June 3, 2031. If the June 2026 Warrant is not exercised prior to its termination date, June 3, 2031, it will expire and be of no further force or effect.

The Warrants and the Warrants Shares may not be traded for a period of four months from their issuance dates, except as permitted under applicable securities legislation.

The 17,276,931 Common Shares being offered by the Selling Shareholder pursuant to this prospectus consist of: (i) the Notes Shares, which represent the maximum number of Common Shares issuable upon conversion in full of the Promissory Notes in the Principal Amount of US\$775,000, together with all accrued interest thereon, issued under the Purchase Agreement, assuming conversion without regard to any limitations on issuance or conversion of the Promissory Notes, and (ii) the Warrants Shares.

For additional information regarding the Purchase Agreement, see “*Prospectus Summary – Our Company – Recent Financing Activities.*” We are registering the Notes Shares and Warrants Shares in order to permit the Selling Shareholder to offer the Notes Shares and Warrants Shares for resale from time to time.

To our knowledge, the Selling Shareholder does not have, and has not had within the past three years, any position, office or other material relationship with us or any of our predecessors or affiliates, other than its ownership of securities issued by the Company and its service to the Company as a consultant. The Selling Shareholder has purchased our securities in multiple private placement transactions since July 2025.

To our knowledge, the Selling Shareholder is not an affiliate of a broker-dealer and there are no participating broker-dealers. To the extent a selling shareholder would be an affiliate of a broker-dealer, or if there would be any participating broker-dealer, such selling shareholder and/or participating broker-dealer would be deemed to be “underwriters” within the meaning of the Securities Act, and any commissions or discounts given to any such Selling Shareholder or broker-dealer may be regarded as underwriting commissions or discounts under the Securities Act.

The table below lists the Selling Shareholder and other information regarding the beneficial ownership of the Common Shares by the Selling Shareholder. The second column lists the number of Common Shares beneficially owned by the Selling Shareholder, based on its ownership of the Common Shares, as of the date set forth in the relevant footnote next to the Selling Shareholder’s name. The fourth column assumes the sale of all of the Common Shares offered by the Selling Shareholder pursuant to this prospectus.

Under the terms of the Purchase Agreements, the Promissory Notes and the Warrants, in no event the Selling Shareholder’s beneficial ownership or voting power of the issued and outstanding Common Shares exceed 4.99% immediately after giving effect to any issuance of the Notes Shares or Warrants Shares.

This prospectus covers the resale of the maximum number of Notes Shares and Warrants Shares issuable under the Purchase Agreements. Because the number of Common Shares may be adjusted for reverse and forward share splits, share dividends, share combinations and other similar transactions, the number of Common Shares that will actually be issued may be more or less than the number of Common Shares being offered by this prospectus.

The term “Selling Shareholder” also includes any transferees, pledgees, donees, or other successors in interest to the Selling Shareholder named in the table below. Unless otherwise indicated, to our knowledge, the Selling Shareholder named in the table below has sole voting and investment power (subject to applicable community property laws) with respect to the Common Shares set forth opposite its name. We will file a supplement to this prospectus (or a post-effective amendment to the registration statement of which this prospectus forms a part, if necessary) to name successors to the Selling Shareholder who is able to use this prospectus to resell the securities registered hereby.

The Selling Shareholder may sell all, some or none of its shares in this offering. See “*Plan of Distribution.*”

PLAN OF DISTRIBUTION

The Selling Shareholder of the securities and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of the securities covered hereby on the principal trading market or any other stock exchange, market or trading facility on which the securities are traded or in private transactions. These sales may be at fixed or negotiated prices. The Selling Shareholder may use any one or more of the following methods when selling securities:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- settlement of short sales;
- in transactions through broker-dealers that agree with the Selling Shareholder to sell a specified number of such securities at a stipulated price per security;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- a combination of any such methods of sale; or
- any other method permitted pursuant to applicable law.

The Selling Shareholder may also sell securities under Rule 144 or any other exemption from registration under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by the Selling Shareholder may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Shareholder (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with Rule 2440 of the Financial Industry Regulatory Authority, or FINRA, and in the case of a principal transaction a markup or markdown in compliance with FINRA IM-2440.

In connection with the sale of the securities or interests therein, the Selling Shareholder may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The Selling Shareholder may also sell securities short and deliver these securities to close out his short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The Selling Shareholder may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The Selling Shareholder and any broker-dealers or agents that are involved in selling the securities may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. The Selling Shareholder has informed the Company that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the securities.

We are required to pay certain fees and expenses incurred by us incident to the registration of the securities. We have agreed to indemnify the Selling Shareholder against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

The resale securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Securities Exchange Act of 1934, as amended, or the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the Common Shares for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the Selling Shareholder will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of the Common Shares by the Selling Shareholder or any other person. We will make copies of this prospectus available to the Selling Shareholder and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).

Other than in the United States, no action has been taken by us or the Selling Shareholder that would permit a public offering of the securities offered by this prospectus in any jurisdiction where action for that purpose is required. The securities offered by this prospectus may not be offered or sold, directly or indirectly, nor may this prospectus or any other offering material or advertisements in connection with the offer and sale of any such securities be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons into whose possession this prospectus comes are advised to inform themselves about and to observe any restrictions relating to the offering and the distribution of this prospectus. This prospectus does not constitute an offer to sell or a solicitation of an offer to buy any securities offered by this prospectus in any jurisdiction in which such an offer or a solicitation is unlawful.

ENFORCEABILITY OF CIVIL LIABILITIES

We are incorporated under the laws of the Province of British Columbia, Canada. Service of process upon us and upon our directors and officers named in the registration statement of which this prospectus forms a part, a substantial majority of whom reside outside of the United States, may be difficult to obtain within the United States. Furthermore, because substantially all of our assets and a substantial of our directors and officers are located outside of the United States, any judgment obtained in the United States against us or any of our directors and officers may not be collectible within the United States.

We have been informed by our legal counsel in Canada, Boughton Law Corporation, that it may be difficult to assert U.S. securities law claims in original actions instituted in Canada. Canadian courts may refuse to hear a claim based on a violation of U.S. securities laws because Canada is not the most appropriate forum to bring such a claim. In addition, even if a Canadian court agrees to hear a claim, it may determine that Canadian law and not U.S. law is applicable to the claim. If U.S. law is found to be applicable, the content of applicable U.S. law must be proved as a fact which can be a time-consuming and costly process. Certain matters of procedure will also be governed by Canadian law.

Subject to specified time limitations and legal procedures, Canadian courts may enforce a U.S. judgment in a civil matter which, subject to certain exceptions, is non-appealable, including judgments based upon the civil liability provisions of the Securities Act and the Exchange Act and including a monetary or compensatory judgment in a non-civil matter, provided that among other things:

- the judgment is obtained after due process before a court of competent jurisdiction, according to the laws of the state in which the judgment is given and the rules of private international law currently prevailing in Canada;
- the judgment is final and is not subject to any right of appeal;
- the prevailing law of the foreign state in which the judgment was rendered allows for the enforcement of judgments of Canadian courts;
- adequate service of process has been effected and the defendant has had a reasonable opportunity to be heard and to present his or her evidence;
- the liabilities under the judgment are enforceable according to the laws of British Columbia, Canada and the judgment and the enforcement of the civil liabilities set forth in the judgment is not contrary to the law or public policy in British Columbia, Canada nor likely to impair the security or sovereignty of British Columbia, Canada;
- the judgment was not obtained by fraud and does not conflict with any other valid judgments in the same matter between the same parties;
- an action between the same parties in the same matter is not pending in any British Columbia court at the time the lawsuit is instituted in the foreign court; and
- the judgment is enforceable according to the laws of British Columbia, Canada and according to the law of the foreign state in which the relief was granted.

If a foreign judgment is enforced by a British Columbia court, it generally will be payable in Canadian currency, which can then be converted into non-Canadian currency and transferred out of Canada. The usual practice in an action before a British Columbia court to recover an amount in a non-Canadian currency is for the British Columbia court to issue a judgment for the equivalent amount in Canadian currency at the rate of exchange in force on the date of the judgment, but the judgment debtor may make payment in foreign currency. Pending collection, the amount of the judgment of a British Columbia court stated in Canadian currency ordinarily will be linked to the Canadian consumer price index plus interest at the annual statutory rate set by British Columbia regulations prevailing at the time. Judgment creditors must bear the risk of unfavorable exchange rates.

PROSPECTUS

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 8. Indemnification of Directors and Officers

The British Columbia Business Corporation Act, or the BCBCA, provides that a company may:

- (a) indemnify an eligible party (as defined below) against all eligible penalties (as defined below) to which the eligible party is or may be liable; and
- (b) after the final disposition of an eligible proceeding (as defined below), pay the expenses (as defined below) actually and reasonably incurred by an eligible party in respect of that proceeding.

However, after the final disposition of an eligible proceeding, a company must pay expenses actually and reasonably incurred by an eligible party in respect of that proceeding if the eligible party (i) has not been reimbursed for those expenses, and (ii) is wholly successful, on the merits or otherwise, or is substantially successful on the merits, in the outcome of the proceeding. The BCBCA also provides that a company may pay the expenses as they are incurred in advance of the final disposition of an eligible proceeding, if the company first receives from the eligible party a written undertaking that, if it is ultimately determined that the payment of expenses is prohibited under the BCBCA, the eligible party will repay the amounts advanced.

For the purposes of the BCBCA, an "eligible party", in relation to a company, means an individual who:

- (a) is or was a director or officer of the company;
- (b) is or was a director or officer of another corporation (i) at a time when the corporation is or was an affiliate of the company, or (ii) at the request of the company; or
- (c) at the request of the company, is or was, or holds or held a position equivalent to that of, a director or officer of a partnership, trust, joint venture or other unincorporated entity,

and includes, with some exceptions, the heirs and personal or other legal representatives of that individual.

An "associated corporation" means a corporation or entity referred to in paragraph (b) or (c) of the definition of "eligible party" above.

An "eligible penalty" under the BCBCA means a judgment, penalty or fine awarded or imposed in, or an amount paid in settlement of, an eligible proceeding.

An "eligible proceeding" under the BCBCA is a proceeding in which an eligible party or any of the heirs and personal or other legal representatives of the eligible party, by reason of the eligible party being or having been a director or officer of, or holding or having held a position equivalent to that of a director or officer of, the company or an associated corporation (i) is or may be joined as a party, or (ii) is or may be liable for or in respect of a judgment, penalty or fine in, or expenses related to, the proceeding.

"expenses" include costs, charges and expenses, including legal and other fees, but does not include judgments, penalties, fines or amounts paid in settlement of a proceeding.

A "proceeding" includes any legal proceeding or investigative action, whether current, threatened, pending or completed.

Notwithstanding the foregoing, the BCBCA prohibits indemnifying an eligible party or paying the expenses of an eligible party if any of the following conditions apply:

- (a) if the indemnity or payment is made under an earlier agreement to indemnify or pay expenses and, at the time that such agreement was made, the company was prohibited from giving the indemnity or paying the expenses by its memorandum or articles;
- (b) if the indemnity or payment is made otherwise than under an earlier agreement to indemnify or pay expenses and, at the time that the indemnity or payment is made, the company is prohibited from giving the indemnity or paying the expenses by its memorandum or articles;
- (c) if, in relation to the subject matter of the eligible proceeding, the eligible party did not act honestly and in good faith with a view to the best interests of the company or the associated corporation, as the case may be; or
- (d) in the case of an eligible proceeding other than a civil proceeding, if the eligible party did not have reasonable grounds for believing that the eligible party's conduct in respect of which the proceeding was brought was lawful.

Additionally, if an eligible proceeding is brought against an eligible party by or on behalf of the company or by or on behalf of an associated corporation, the company must not (i) indemnify the eligible party in respect of the proceeding; or (ii) pay the expenses of the eligible party in respect of the proceeding.

Whether or not payment of expenses or indemnification has been sought, authorized or declined under the BCBCA, on the application of a company or an eligible party, the Supreme Court of British Columbia may do one or more of the following:

- (a) order a company to indemnify an eligible party against any liability incurred by the eligible party in respect of an eligible proceeding;
- (b) order a company to pay some or all of the expenses incurred by an eligible party in respect of an eligible proceeding;
- (c) order the enforcement of, or any payment under, an agreement of indemnification entered into by a company;
- (d) order a company to pay some or all of the expenses actually and reasonably incurred by any person in obtaining an order; or
- (e) make any other order the court considers appropriate.

The BCBCA provides that a company may purchase and maintain insurance for the benefit of an eligible party or the heirs and personal or other legal representatives of the eligible party against any liability that may be incurred by reason of the eligible party being or having been a director or officer of, or holding or having held a position equivalent to that of a director or officer of, the company or an associated corporation.

The Company's articles define "eligible penalty" to mean a judgment, penalty or fine awarded or imposed in, or an amount paid in settlement of, an eligible proceeding. An "eligible proceeding" means a legal proceeding or investigative action, whether current, threatened, pending or completed, in which a director, former director or alternate director of the Company, or an eligible party, or any of the heirs and legal personal representatives of the eligible party, by reason of the eligible party being or having been a director or alternate director of the Company (a) is or may be joined as a party; or (b) is or may be liable for or in respect of a judgment, penalty or fine in, or expenses related to, the proceeding.

The Company's articles, subject to the BCBCA, provide that the Company must indemnify a director, former director or alternate director of the Company and his or her heirs and legal personal representatives against all eligible penalties to which such person is or may be liable, and the Company must, after the final disposition of an eligible proceeding, pay the expenses actually and reasonably incurred by such person in respect of that proceeding. Each director and alternate director is deemed to have contracted with the Company on the aforementioned terms.

The Company's articles further provide that subject to any restrictions in the BCBCA, the Company may indemnify any person and that the failure of a director, alternate director or officer of the Company to comply with the BCBCA or the Company's articles does not invalidate any indemnity to which he or she is entitled under the Company's articles.

The Company is authorized by its articles to purchase and maintain insurance for the benefit of any person (or his or her heirs or legal personal representatives) who: (i) is or was a director, alternate director, officer, employee or agent of the Company; (ii) is or was a director, alternate director, officer, employee or agent of a corporation at a time when the corporation is or was an affiliate of the Company; (iii) at the request of the Company, is or was a director, alternate director, officer, employee or agent of a corporation or of a partnership, trust, joint venture or other unincorporated entity; (iv) at the request of the Company, holds or held a position equivalent to that of a director, alternate director or officer of a partnership, trust, joint venture or other unincorporated entity; against any liability incurred by him or her as such director, alternate director, officer, employee or agent or person who holds or held such equivalent position.

The Company maintains directors' and officers' liability insurance coverage through primary and Side A policies covering the Company and its subsidiaries, with annual aggregate policy limits of US\$5,000,000, subject to a corporate self-retention of US\$5,000,000. This insurance provides indemnity to the Company and to its directors and officers as required or permitted by law for liability claim damages, including legal costs, incurred by officers, directors and alternate directors in their capacity as such. This policy, subject to its terms and conditions, may also provide coverage directly to individual directors and officers if they are not indemnified by the Company. The insurance coverage for directors and officers is subject to various terms, conditions, and exclusions.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling the Company pursuant to the foregoing provisions, the Company has been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act, and is therefore unenforceable.

- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, *however*, that paragraphs (a)(1)(i), (a)(1)(ii) and a(1)(iii) do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A. of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Act need not be furnished, *provided*, that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (a)(4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, with respect to registration statements on Form F-3, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Act or Rule 3-19 of this chapter if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Form F-3.

(5) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) If the Registrant is relying on Rule 430B:

- A. Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
- B. Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(6) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933, as amended, and will be governed by the final adjudication of such issue
